

Texas Superior Animal Waterer, LLC

tsaw@global-us.net 281-346-8337

Installation Kit # 17712 - Recommended Hook-up when a Flow Meter # 16106 is installed. Connection illustrated for Overhead Hook-up.

For water supply coming from below the waterer, simply bend the inlet supply hose # 75012 down to accommodate the inlet water supply.

Do not over tighten fittings. Get them snug and then go ¼ turn more.
